groom's parents, where they were met by

the First Regimental band of the First New

Mexico infantry, discoursing the wedding

march. Over one hundred invited guests

were present when Rev. Adkinson per-

the fact that, in all its earlier stages, consumption is a curable disease. Not every case, but a large percentage of case, and we believe, fally 90 per cent. are cured by Dr. Pierce's Golden Medical Discovery, even after the disease has progressed so far as to induce repeated bleedings from the lungs, severe lingering cough with copious expectoration (including tubercular matter), great loss of fiesh and extreme emaciation and weakness.

Do you doubt that hundreds of such cases reported to us as cured by "Golden Medical Discovery" were genuine cases of that dread and fatal disease? You need not take our word for it. They have, in nearly every instance, been so pronounced by the best and most experienced home physicians, who have no interest whatever in misrepresenting them, and who were often strongly prejudiced and advised against a trial of "Golden Medical Discovery," but who have been forced to confess that it surpasses, in curative power over this fatal malady, all other medicines with Congratulations.
